Reasons for Allowance

1. Applicants' response to the last Office Action, filed 08/20/2007 has been entered and made of record.

2. The following is an examiner's statement of reasons for allowance:

Independent claims 1,23,26 are allowable over the prior art of record.

Claims 2-22 depend from claim 1; Claims 24, 25, depend from claim 23; Claims 27,28 depend from claim 26, the dependent claims are therefore allowed.

Independent claims 1,23,26 recite the limitations of: *collapsing the images from two dimensions to one dimension by summing the intensities of pixels along a dimension transverse to the one dimension, producing a further image from a composite of the one-dimensional images obtained from images in the series, analyzing the further image for periodic patterns, and selecting from the series images having like phase in that periodic pattern.*

The closest reference of Patent 4858128 to Nowak, does not disclose *producing a further image from a composite of the one-dimensional images obtained from images in the series, analyzing the further image for periodic patterns, and selecting from the series images having like phase in that periodic pattern.*

3. In view of the amended claims and the Applicant's arguments, the rejections to claims 1-22, 26-28 are expressly withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
